

New Year! New Media Kits!

Happy New Year and Congratulations to those who have successfully upgraded to the new version of their certification!

Along with your new certification you should have received a new media kit with updated marks of conformity. PRI Registrar provides these media kits as a value added service to help you promote your certification. If you are unfamiliar with our media kits, they include the following:

- Marks of conformity
- A sample press release
- Examples of how to promote your certification
- Use of Logo Guidelines

In addition to the items above, we have also added flags to our media kits!! The flag is the mark of conformity

The flags are \$50 per flag. If you would like to order please fill out the order form and return it to Danyel Coyne at dcoyne@p-r-i.org. Also, contact Danyel if you have upgraded and need a new media kit.

Good luck to all those that will complete their transition to the new standard this year!
