

The Audit is Over, Now What?

Once your audit is over it's time to promote your accreditation! PRI Registrar has the tools to assist you to do this properly. When you receive your certificate, included in this email is a link to your applicable media kit. In the media kit, we have provided the following:

- PRI Registrar Marks of Conformity
- Press Release Template
- Logo Guidelines
- Examples of how to Promote your Accreditation
- ANAB Logos
- Flag Order Form

The Marks of Conformity can be used to promote your certification on items like company letterhead, email signatures, company website and social media sites. The Marks cannot be used on on a product or packaging in a way that could imply the product is certified. PRI Registrar certifies your Management System and not your products.

Since the industry has just completed the transition to the new standards, please be sure to download a new media kit to ensure you have the most up-to-date Marks of Conformity and Logo Guidelines. As a reminder, your company's use of PRI Registrar and ANAB Logos will be reviewed during your audit. If you have any questions, please contact [Danyel Coyne](#).

New ANAB Logo

At the end of October, ANAB announced that they have changed their logo by adding the IAF logo. As you read above, the ANAB logo in provided in the PRI Registrar Media Kits but is not required to be used. If you do use the ANAB logo, it must be used in conjunction with the PRI Registrar Mark of Conformity so please be sure to update the new logo.

As of October 29, 2018, once you complete an audit, you will receive a new PRI Registrar certificate that will include the new ANAB logo. If you have any questions about your certificate, please contact your Account Specialist.
