

## Transition Update

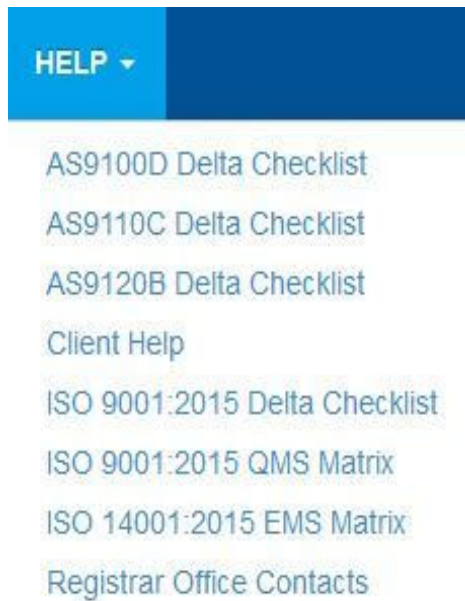

Since the publishing of the revised standards, PRI Registrar and our clients have worked closely together to manage efficient transitions to the revised standards. As a result, the successful transition of a large majority of our clients have been completed or in process. We remind all clients still holding an AS9100 Rev C, AS9110 Rev B, AS9120 Rev A, ISO 9001:2008, or ISO 14001:2004 certificate, **they will expire September 15, 2018**. If you do not have your upgrade audit by September 15, 2018, you will need to start over with initial audits. If you have not upgraded and have not scheduled your audit, you must call your Sales Engineer or Danyel Coyne at 724-722-8683 to schedule your upgrade audit.

# NCR Guidance

We recently just added a new document for clients to reference while responding to NCRs. It's called NCR Guidance and can be downloaded from the Client Help section in RMS.

[NCR Guidance →](#)

## RMS Reminder

Don't forget about the Client Help section that is available for you to reference in the RMS Help Tab! It includes:

- Client Guidelines & Requirements
- Logo Guidelines
- NCR Guidance
- OASIS NCR Management
- RMS FAQs
- RMS Summary Flow
- What to Expect During Your Audit

# Media Kits

Once you've upgraded, you should have received a link to download your new media kit. The media kit includes:

- Marks of conformity
- Ways to promote your new certification
- A sample press release
- Logo Guidelines

If you did not receive the media kit, please contact [Danyel Coyne](#).

Flags with your certified mark of conformity are also [available to purchase](#).

## Congratulations Phylis!

Congratulations to Phylis Logan on her recent retirement! Phylis has been with PRI for 20 years and has finally decided to take her well deserved retirement. For those of you that worked with Phylis, please refer to your dashboard in RMS for your new Account Specialist.

June 9, 2018

### World Accreditation Day!

Did you know that June 9 is World Accreditation Day? Check out this [short clip](#) to see why Accreditation is so important!
