

NADCAP® AUDIT CRITERIA REVIEW - COATINGS

ABOUT THE COURSE

The one-day Nadcap Checklist Review - Coatings course provides a complete overview of Nadcap requirements related to the Coatings audit, focusing solely on technical aspects.

After an introduction about Nadcap and Nadcap audits, the Instructor covers the topics below:

Top Non-conformances (NCRs), including NCRs examples and NCRs responses. Also covered are the different NCRs categories and groupings as well as NCRs reports.

Review of the AC7109 & Supplemental Checklists to clarify the requirements of each section of each checklist. The Instructor also presents information on frequently found problems as well as explanations of current requirements and interpretations from the Task Group.

Preparing for the audit through a description of the planning needed during the six months before the audit, which also details actions that must be taken such as a self-audit and sending advance information to the Auditor.

What should happen during a Coatings audit, from the moment the Auditor arrives until he leaves after the closing meeting.

“GREAT TOOL TO INTRODUCE AND BE SUCCESSFUL IN A NADCAP AUDIT.”

Course Objectives

- Present the structure and format of a Nadcap Coatings audit
- Assure an understanding of the content and intent of all sections of each checklist used during a Coatings audit

Who should attend?

- Anyone involved with Coatings, familiar with the general Nadcap process, and looking to obtain their first accreditation
- Those who have general oversight responsibilities for Nadcap audits, or supporting them, and wish to improve their audit performance
- Those who are new to Nadcap
