

NADCAP[®] AUDIT PREPARATION - MEASUREMENT & INSPECTION

ABOUT THE COURSE

Nadcap Audit Preparation - Measurement & Inspection (M&I) is a two-day course that provides a complete overview of Nadcap requirements related to the M&I audit. A one-day version which covers all the content but in less depth is also available.

After clarifying the role of Nadcap, Performance Review Institute[®] and Nadcap audits in the management and oversight of Special Processes in the Aerospace sector, the Instructor reviews the AC7130 checklist thoroughly with focus on the following areas:

The M&I Task Group and the role it plays within Nadcap as well as who is on the Task Group.

Review of the checklists to clarify the requirements of each section of each of the checklists, down to individual questions where appropriate. The Instructor also presents information on frequently found problems as well as explanation of current requirements and interpretations from the Task Group.

Preparing for the Audit through a description of the planning needed during the six months before the audit, which also details actions that must be taken such as completing a self-audit and sending advance information to the Auditor.

During the Audit from the moment the Auditor arrives until he leaves after the closing meeting.

After the Audit, including critical timings, explanation of the failure process and how the Supplier Merit Program works.

**“A MUST ATTEND FOR ANYONE ATTEMPTING TO GAIN NADCAP APPROVAL FOR HT.
OVER THE TWO DAYS, MY KNOWLEDGE HAS INCREASED EXPONENTIALLY”**

Course Objectives

- Present the structure and format of a Nadcap M&I audit and its scope
- Explanation and clarification of the AC7130 checklist series requirements
- Top audit findings in relation to M&I

Who should attend?

- Those who have general oversight responsibilities for Nadcap Composites audits, or supporting them
- Those who are new to Nadcap
- Those who need to understand, or to confirm their understanding of what should be happening during Heat Treating audits
