

NADCAP® AUDIT PREPARATION - MATERIALS TESTING LABORATORIES

ABOUT THE COURSE

Nadcap Audit Preparation - Materials Testing Laboratories (MTL) is a two-day course that provides a complete overview of Nadcap requirements related to the MTL audit.

After clarifying the role of Nadcap, Performance Review Institute® and Nadcap audits in the management and oversight of Special Processes in the Aerospace sector, the Instructor reviews the AC7101 checklist thoroughly with focus on the following areas:

Scope of an MTL Audit through a review of the requirements for Materials Testing Laboratories, including Quality Systems.

Review of the checklists to clarify the requirements of each section of each of the checklists, down to individual questions where appropriate. The Instructor also presents information on frequently found problems as well as explanation of current requirements and interpretations from the Task Group.

Review and discussion of the Top 10 non-conformances (NCR), including paragraphs where the most NCRs are written against. Also explained are the NCR classification, the failure process and what it means, and how the Supplier Merit Program works.

“COURSE INFORMATION WAS VERY PIVOTAL WITH AN AUDIT COMING IN THE NEAR FUTURE.”

Course Objectives

- Present the structure and format of a Nadcap MTL audit and its scope
- Assure an understanding of the content and intent of all sections of each checklist used during a MTL audit

Who should attend?

- Those who have general oversight responsibilities for Nadcap MTL audits, or supporting them
- Those who are new to Nadcap
- Those who need to understand, or to confirm their understanding of what should be happening during MTL audits
